Dear Mr. Weisberg,

Received everything OK.
Again, thanks for the kind
words.

I will be glad to answer
any questions about
anyone if it is possible,
so fire away.

I have many things
to take care of and
will do what you
have asked as soon
as I can.

(over)

For the sake of simplicity and better understanding I will report all to the head office. This will save time and trouble and make for better communications.

When you mailed the negatives the letter was stapled to the envelope. Do you have a copy that you can send or do you want what I have so you can type it over? Yours for Truth & Justice

Al
